# LectroFan®

YOUR PERSONAL FAN-SOUND AND WHITE-NOISE MACHINE

A BETTER NIGHT'S SLEEP—THROUGH SCIENCE

## SETUP SHEET

**PRODUCT NAME:** LectroFan

**DESCRIPTION:** White Noise and Fan Sound Machine

**TAG LINE:** *A Better Night's Sleep—Through Science*

**RETAIL:** \$54.95

### PRODUCT DESCRIPTION:

LectroFan is the most versatile fan-sound and white-noise machine for relaxation, study, and speech privacy. It's also your personal white-noise and fan-sound machine to ensure a better night's sleep and peaceful rest. The LectroFan offers twenty unique digital sounds to mask noises. You can choose from ten different electric fan sounds and ten variations of pure white noise. All sounds can be personalized with pin-point volume control to select across a wide range of sound levels, from a whisper, to many times louder than mechanical fan-based conditioners. With two power options (the included AC adapter or a power USB source), you can also enjoy the LectroFan's on-the-go flexibility for great travel rest and sound masking!

### FEATURES INCLUDE:

- 20 Unique Digital Sounds (10 Fan Sounds + 10 White Noises)
- Excellent Noise Masking (Up to 20dB louder than competing machines)
- Precise Volume Control (1dB increment control for 10x quieter-10x louder than fan machines)
- Small, sleek and stylish functional design
- Upward facing speakers for full room sound
- Built-in Timer Function for gentle turn off in 60, 120, 180 minutes or left on all night
- Power adapter works from 100–240 volts, 50/60 Hz for ease of use to support international travel
